The Nordic Society of Photography proudly presents
the 2nd Nordic International Small Print Circuit 2025, which is the only one of its kind in the world, with judging in four
countries.

The exhibition is a four-country circuit in collaboration with the national organizations in
Sweden, Norway, Finland and Denmark.

The exhibition has received FIAP Patronage, GPU License, and ISF Label.

202 photographers from 33 countries have sent almost 1600 photos for assessment. **A great success!**

It has been a great challenge to carry out this project, with regard to receiving images,
logistics, jury work, and not least the manual compilation of the results!

We would like to thank all of you who entered this exhibition. It has been a pleasure and a
privilege to take part of your photos.

Congratulations to those who were successful, and the rest of you we wish better success in our next exhibition.

I would also like to thank all the jury members, and everyone who helped with jury assessments, software, catalog etc.

In this PDF-catalogue you can take part of all the accepted and prize-winning photos. **Please enjoy!**

Nils-Erik Jerlemar

GLOBAL PHOTOGRAPHIC UNION - GPU (former UPI)

is a worldwide interactive organization for anyone interested in photography, be they casual, serious amateurs or professional photographers.

Founded in Goirle, The Netherlands, September 2007, GPU brings together professional and amateur enthusiasts of all ages and levels of achievement. As a nonprofit organization, its mission is to promote and enhance the art and science of photography in all its phases.

Individual members are offered a wide variety of activities: photo and digital competitions, photo exhibitions in different countries, study groups via mail, web site access, photo books, magazines, Photo festivals, distinctions, titles, and a raft of other activities.

Have look on the site: www.gpuphoto.com
