Bagerst i kataloget er der en uførlig beskrivelse af jurymedlemmerne.

Nordiskt Fotomästerskap 2023

Nordiska Förbundet för Fotografi - NFFF bildades 2015, och är ett samarbete mellan landsförbunden i de fyra Nordiska länderna Sverige, Norge Finland och Danmark.
2017 genomfördes för första gången **Nordiskt Fotomästerskap**.

Antalet deltagare ligger på en konstant mycket hög nivå, cirka 500 fotografer.
Detta kan till stor del bero på att tävlingen från och med 2020 är en tävling även för klubbarna.

Det är med stor stolthet vi i år kan presentera en PDF- katalog av hög kvalitet med samtliga vinnande bilder, och ett urval av de antagna bilderna.
Samtliga antagna fotografer är representerade.

Vi har de senaste året kompletterat Nordiskt Fotomästerskap med Nordiskt Fotomästerskap Kollektion och Nordiskt Fotomästerskap Bildspel. Information finner ni på www.nordic.photo.

Även de hederstecken, Nordisk Stormästare i Fotografi - NSMiF, som inrättades 2016, och utdelades första gången 2017, har blivit mycket uppskattade av fotografer i Norden.
En förteckning över de fotografer som mottagit hederstecknet återfinns på vår hemsida www.nordic.photo, där även övrig information om hederstecknet finns.

NFFF har även genomfört ett antal internationella fotoutställningar, circuits, med bedömningar i de fyra nordiska länderna, och 2022 genomfördes den sjunde i ordningen, 7th Nordic International Digital Circuit 2022. Information finns på hemsidan www.nordic.photo.

Hoppas ni får stor glädje av denna katalog från Nordiskt Fotomästerskap 2023

I took up photography as a teenager, eventually combining my love of nature with my love of photography. I spend many early mornings out on backroads and wildlife reserves watching, listening to, and photographing animals. I believe in patience. Chasing, scaring, disturbing the wildlife in any way is not something I do. There is a code of conduct to photographing wildlife and I follow that. Part of being a wildlife photographer is respecting the animals and environment. I took photography in college back in the film days and was lucky to have a dad that built me a darkroom in our garage.

I spent 14 years working for a photo finishing plant, mostly in quality control, which moved me around to various plants. With Digital Photography on the horizon I decided to leave the company. Good choice as it no longer exists today.

In the past I have had photographs published in the San Diego Union Tribune. I worked as a staff photographer at The Villages Golf and Country Club in San Jose. I have photographed a number of charitable golf tournaments for retired pro football players.

Currently I spend the spring and summer months photographing horse shows and working part time for a company photographing college and high school graduations.

I am a cancer survivor and give back to St. Joseph Dignity Health by photographing some of their events for cancer patients. I post the images online for the patients to download for free and also use the images to create slide shows for the Medical Center. The slide shows

are used to promote the events and help with donations as the patients are not charged anything.

I am the president of the Stockton Camera Club as well as the PSA Camera Club Council Representative for my camera club. I am also President of our Camera Club Council. I am active in PSA serving as the Nature Division Secretary and Director of the PSA PID Digital Study Groups, as well as the instructor of the Image Analysis Workshop for PSA member clubs. PSA has an online judging program for PSA Clubs and councils. I am the director of that, setting judges up for the clubs as they need them and am also one of the judges. I am the current PSA PID Chair.

When looking at an image I look for good technical work. Such things as composition, focus, color, light, leading lines and such. Impact, how does the image make me feel, this is part of it as well. I believe, that as a judge, I do not have the luxury of a bias. I am going to analyze the image on its own merits not on if it is something I like or don't like.

I have learned that, for me, photography is not about sitting in front of a computer playing with images or about winning awards. It is about getting out there photographing, learning more each day and enjoying what I am doing. And I do love what I am doing. I hope that I can help others with my comments. But the best advice I can give is to have fun with it. Enjoy what you are doing. And always respect the world around you as you are doing it.

I have been interested in photography since childhood growing up in the Portland, Oregon area, when I began with roll film and a box Brownie. After active duty in the US Navy, I attended Brooks Institute of Photography in Santa Barbara, CA, where I graduated with a Bachelor's Degree with a double major in Industrial Photography and Color Technology.

Shortly thereafter, I was hired by General Dynamics Corp, where I worked as an industrial photographer and color printer for 10 years.

When our facility was sold and moved, I switched to Lifetouch, a school photography company, where, for 10 years I photographed classroom groups from 6 to 600 students, dances, seniors, and sports. I had my first Photoshop class in January, 2000, and, by April had hired on as a full-time retoucher for a local full-service portrait studio. Currently, I am semi-retired, accepting assignments if they interest me, but mostly doing Photoshop work for other photographers.

I am a Lifetime member of Professional Photographers of America (PPA), having served on the PPA Council for nine years between about 2005 and 2014. Through PPA, I am certified as a Certified Professional Photographer.

I have also earned the PPA Master of Photography Degree, the Photographic Craftsman Degree, and the Master Artist Degree. At the state level, I have earned recognition as a California Master Photographer. I have been the recipient of two Peoples Choice Awards, a Fuji Masterpiece Award, and two Kodak Gallery Awards at the state level. I am a past president of

the Inland Empire Professional Photographers and Videographers, based in Riverside, CA, a local affiliate of Professional Photographers of California (PPC).

I served as President of the International Association of Panoramic Photographers (IAPP) during 2013-14 and remained involved as a board member until term limited out in 2019.

Within Photographic Society of America (PSA), I am a Past President of the Southern California Council of Camera Clubs (S4C).

I am also a member of two S4C affiliated clubs: Photochromers (based in Sierra Madre), and the Riverside Art Museum's Photo Artist Network (PAN). I received my first ROPA distinction, PPSA, September, 2017. Within the PID Digital Study Groups community, I am active in two where

I serve as both Commentator and Secretary for both DSG 29 Natural Landscape, and DSG 52 Competitive. I also serve as the Secretary to the Board of Directors of the Projected Image Division (PID) of PSA. In October, 2022, I received recognition for my portfolio entry Semi-Arid Beauty which qualified for the Bronze award (BPSA).

Paul Speaker, M.Photog., M.Artist, Cr, CPP, CA-M.Photog., PPSA, BPSA, DFS4C

Nan Carder, FPSA, GMP SA, EFIAP/b, has been competing and judging in PSA International Exhibitions since 2010.

She has earned Star Ratings in every PSA Division except 3D.

She has been listed in the PSA Who's Who every year since 2010.

She has judged at least 100 PSA International Exhibitions in Australia, Bangladesh, India, Poland, and the USA in the past.

She served on the PSA Board of Directors for ten years.
